American University of Armenia

Policy for Publication

Policy Number: Number Not Yet Assigned

The American University of Armenia is committed to continuously enhancing the educational effectiveness of its academic programs. As part of this effort, the University has obtained accreditation by the Western Association of Schools and Colleges (WASC), one of the six accrediting agencies recognized by the U.S. Department of Education. AUA degree programs must demonstrate that they have developed and are implementing plans for evidence-based long term curricular designs that will serve as the institutional basis for assessing AUA's commitment to student learning. AUA faculty are expected to be fully engaged in these processes.
