Appendix A

INTELLECTUAL PROPERTY AGREEMENT

As a Covered Party under the AUA Intellectual Property (IP) Policy, I confirm that I have received and read the Policy, and I agree to adhere to its terms as currently approved by the University.

In line with that policy and in return for AUA providing me with support such as funds, space/facilities, personnel (including all employees and students), equipment, or other help/assistance, I agree to:

- to assign, and do hereby assign to the University, all rights I hold or may obtain in any AUA-supported IP.
- to complete and submit all documents and perform any necessary actions to finalize this assignment.
- consent, abide by, and fully comply with the policy—including any future amendments or modifications approved by AUA—that determines my rights and obligations regarding any original work, discoveries, copyrightable works, works of authorship, or patentable inventions.

Additionally, I confirm that:

- I hold no consulting or other agreements with any third party that conflict with this agreement.
- I will not knowingly engage in any such agreements in the future during my employment or association with AUA.
- I have disclosed and will continue to disclose any such consulting or other agreements to AUA, as required by relevant policies on conflicts of interest or commitment.
