

Electrical Wiring and Equipment Installation

Effective as of: 09.01.2014

American University of Armenia

Policy for Publication

Policy Number: ADMI20140008

AUA technicians are responsible for all electrical wiring and installation of electrical equipment. Cutting of wires or boring into walls is not permitted without authorization of AUA Facilities Department.

If any electrical equipment provided by AUA (lamp, household device etc..) is broken or needs repair then AUA employees should complete and send a request to the following email: building.management@aua.am
